Alipa

Frontend Developer(React)

PROFESSIONAL SUMMARY

Highly skilled and motivated Full Stack Web Developer proficient in MERN stack. Proved expertise in successfully building both solo and collaborative projects. Possesses strong technical expertise in frontend and backend development, coupled with excellent problem-solving and communication skills. Ready to contribute to innovative and impactful web development initiatives.

PROJECTS

1. honest-wing-579 | 🌐 | 🌐

HTML | CSS | SASS

- Incorporation of HTML, CSS, and SASS for website development.
- Strict adherence to the Figma design specifications. Use of semantic HTML tags to enhance accessibility and readability.
- Utilization of mixins, variables, and partials for code modularity and maintainability.
- Responsive design for optimal viewing on devices and screen sizes of 375px.

2. Voyawander | 🌐 | 🌐

HTML | JavaScript | CSS

- Developed a travel website that offers a seamless platform for exploring destinations, booking hotels and flights, and connecting with a vibrant travel community.
- Led a team in developing key components of the Voyawander Travel Website including the Payment, Login/Signup, and Address pages.
- Implemented diverse payment options for the Payment page to ensure a user-friendly and secure payment experience.
- Spearheaded the development of a secure and intuitive Address page.

3. Gem Garden Jewellery | 🌐 | 🌐

React.js | Java Script | Json-Server | Chakra UI | Redux

- Chakra UI: Seamlessly integrated to enhance styling and design aspects, ensuring a visually appealing and consistent user experience.
- RESTful API: Utilizes a RESTful API to handle data requests and interactions with the database, following standardized and scalable principles for web services.
- JSON Server backend ensures swift, dynamic data handling.
- Responsive Design: Follows responsive web design principles, ensuring seamless functionality across various devices, including desktops, tablets, and smartphones.
